You Will Never  
Leave Our Thoughts  
Benjamin

I thought of you with love today but that is nothing new. I thought about you yesterday and days before that too.  
I think of you in silence I often speak your name, all I have are memories and your picture in a frame.

Your memory is my keepsake with which I'll never part  
God has you in His keeping I have you in my heart.

## Grace in the Garden

A kiss of the sun for pardon,  
The song of the birds for mirth,  
One is nearer God's heart in a garden  
Than anywhere else on earth.

—Dorothy Frances Gurney

I read this poem on a plaque in someone's garden everyday on my walk to and from elementary school. There is something nurturing, even holy, about a garden. There are several articles on the internet that support the concept linking gardening and grief. Planting a tree in honor of a loved one or placing a bench in your garden where you can sit and contemplate life's mysteries is a tangible way to memorialize your loved one. As you witness and participate in the cycle of the seasons, your tribute to your loved one is there with you.

"Everything that slows us down and forces patience, everything that sets us back into the slow circles of nature, is a help. Gardening is an instrument of grace."

—May Sarton

Those We Love  
*don't go away*  
they walk beside us every day.  
Unseen, unheard, but always near,  
*so loved, so missed, so very dear.*

So missed  
Grandma  
Susan

May we never forget  
the time  
we spent together

Forever Remembered  
Forever Missed

A heart of gold stopped beating,  
two willing hands at rest,  
God broke our hearts to prove to us  
*He only takes the best.*

Forever  
in my heart  
Love Jack

## *A Picture's Worth a Thousand Words*

**Memorial Plaques** with pictures lend a human story to the name of your loved one. Faces express who people are and we all connect with faces. Research shows that babies less than an hour old tend to stare at face-like images longer than any other pattern. We are literally born to seek out faces, so using a photo memorial gives a richer and more layered dimension to your loved one's story.

## Bronze & Aluminum Tribute Plaques

OurCornerMarket.com has been in the tribute plaque business for over 20 years. We have produced plaques that are placed on buildings, at mausoleums, and even underwater! We can take a picture of your loved one and engrave a bas relief (raised) or a flat relief image of them that conveys their essence and captures their individuality forever.

One of our most unique memorials is an underwater tribute to Adam Lee Brown. This diver destination was established in 2013 at the Blakely Dam in Lake Ouachita, Hot Springs, AR. To read about this remarkable man and memorial, search Adam Brown American Hero on FlagandBanner.com website.

## Integrated Logos & Emblems

Military and Government cast seals including Army, Navy, Air Force, Marines, Coast Guard, Merchant Marines, Department of Homeland Security, POW/MIA, Department of Veterans Affairs and Space Force are available as an embellished add on to any plaque. Multi-color seals can also be produced. If you want a customized emblem or logo, we can make it for you.
