

# BOOMERANG BANNER STAND ASSEMBLY INSTRUCTIONS

## Product Parts

- 1 - Base
- 2 - Banner Rail (X2)
- 3 - Pole w/ Stretch Cord

## Step 1

Take all parts out of the bag.  
Place the banner on a clean flat surface.

## Step 2

Attach Banner Rails (2) to the top and bottom of your banner.  
Remove the ends from the Banner Rail (2) and slide your banner on from corner as shown.

**Note:** The Insert Sticker should be facing the back of your banner. The Insert Sticker on the top of your banner should be pointing up & the Insert Sticker on the bottom of your banner should be pointing down.

Press firmly to close the Banner Rails securely. Replace ends.

## Step 3

Unfold the Base (1). Flip the base over and turn the support feet to raise or lower them as needed.

## Step 4

Assemble the Pole w/ Stretch Cord (3).

## Step 5

Attach the bottom Banner Rail (2) to the base as shown below.  
Be sure the Insert Sticker is pointing towards the ground.

## Step 6

Insert the assembled Pole (3) into the Base and attach the top Banner Rail (2) with banner to the top of the Pole as shown below. Be sure the Insert Sticker is pointing up.
