March 21, 2013

On behalf of the patients, guests and Central Arkansas Veterans Healthcare System staff, I want to personally extend our appreciation to you for your thoughtfulness to our veterans and visitors during the 2012 Christmas Holiday Season as well as the 2013 National Salute to Veteran Patients during Valentine's Week.

Your donations, assistance and direct involvement with our Veterans and staff helped to make this winter season one of the most successful and memorable community outreaches for our Central Arkansas Veterans Healthcare System in recent years.

Being hospitalized during the winter months can be a long and tedious stay. However, your support of our Veterans eased what could have been a very monotonous time. Your genuine kindness and unselfishness reflects the concern and compassion that our community feels for our Veterans.

Thank you for your continued support.

Sincerely,

  
JAMES A. RYAN, JR.  
Acting Chief, Voluntary Service

We donated stick flags to the Veteran's for Christmas and for Valentine's Week we fulfilled the wish list of a hospitalized Veteran. He asked only for a Razorback t-shirt OR baseball cap. We sent him both
