

## How to Attach a Crossbar

### Items Needed:

- Hook and Eye Hardware
- Your flagpole
- 2 End Caps
- Drill w/ drill bit

### Instructions:

1. On your flagpole, pre-drill pilot holes for the mounting screws about 4 ½" below the rim of the ornament mount.
2. Attach the hook to the flagpole
3. Locate the center of your crossbar and pre-drill the screw holes
4. Attach the eye to the crossbar
5. Attach the end caps to the crossbar and attach the cross bar to the pole.
6. The cross bar should hang level. Tip, if your crossbar is not level, you can small objects to add weight to one of your end caps.
